1990 ANNUAL INDEX

A

A drill rig for all seasons, June....40
A guide to consultants, July....58
A guide to interviewing, Oct....63
A model plant opens in Canada, Aug....31
A size for every need, Aug....40
A wash plant for the '90s, Aug....48
Abrasion, screen
—How to fight screen abrasion, May....55
Air-shock idea blasts riprap, May....50
Agglite Corp.
—Cement + ash = new aggregate, Aug....53
Aggregate
—Aggregate: Cautiously optimistic in 1991, Dec....39
—Belt buildup? Scrape it off, June....34
—Con/Agg offered peek into future, May....76
—4 new ideas in dredging, March....57
—How to fight screen abrasion, May....55
—Moving it out by truck, Sept....38
—Moving rock by rail, Sept....22
—New plant ideas to build upon, July....37
—Special report: Conveyor trends, March....46
—Special report: Conveyors, Sept....43
—The way of the future, Oct....55
—Waste recycled into aggregate, Feb....134
—Water shipping gains attention, Sept....25
Aggregate, lightweight
—Cement + ash = aggregate, Aug....53
—Lightweight aggregate usage flat in '91, Dec....57
—Utelite proving it can compete, Oct....49
Alexeev, Vladimir
—Soviets roll up cement curtain, May....66
Allard, James T., Rock Products Register, Nov....41
Automation key to stone output, Dec....71

B

Back to basics, Oct....30
Behar, Nissan
—Map pinpoints sand resources, May....85
Belt buildup? Scrape it off, June....34
Blasting
—Air-shock idea blasts riprap, May....50
Blaubaum, Donald L., Rock Products Register, Nov....47
Bulk shipping: What's ahead?, April....47
Buyers Guide, Feb....55

C

Carter, Russell A.
—A wash plant for the '90s, Aug....48
—Dam holds sand and gravel boon, March....36
—It's a matter of impact, May....62
—Planning for second uses, Jan....66
—Reclamation grows overseas, Feb....40
Cement
—A guide to consultants, July....58
—Back to basics, Oct....30
—Bulk shipping: What's ahead?, April....47
—Cement imports forecast to grow, March....41
—Cement: Slippage in '91, recovery in '92, Dec....48
—Cement: Whose boom will it be?, April....51
—How to install a waste system, April....44
—International cement review, April....59
—New plant ideas to build upon, July....37
—New ways to burn hazardous waste, April....41
—Permitting for waste material, Oct....43
—The Mexican situation, April, ...36
—Soviets roll up cement curtain, May....66
—Thoughts on burning waste, Oct. 38
—Waste as fuel: A survey report, May....92
Cement imports forecast to grow, March....41
Cement + ash = new aggregate, Aug....53
Cement: Whose boom will it be?, April....51
Chadbourne, John
—Permitting for waste material, Oct. 43
Chandler's Sand and Gravel
—Innovation puts producer on top, Aug....62
Channel and Basin Reclamation Inc.
—Dam holds sand and gravel boon, March....36
Checking out references, Nov. 67
Chironis, Nicholas P.
—Air-shock idea blasts riprap, May....50
Come be on our team, Dec. 67
Compton, Horace H., Rock Products Register, Nov. 45
Con/Agg offered peek into future, May....76
Construction: Stepping cautiously into '91, Dec....37
Consultants
—A guide to consultants, July....58
Continental Lime Inc.
—Gold boom spurs lime producers, Oct. 59
Conveyor belts
—Belt build-up? Scrape it off, June....34
Conveyors
—Belt build-up? Scrape it off, June....34
—Special report: Conveyor trends, March....46
—Special report: Conveyors, Sept....43
Crushed stone
—A drill rig for all seasons, June....40
—A guide to consultants, July....58
—A model plant opens in Canada, Aug....31
—Air-shock idea blasts riprap, May....50
—Automation key to stone output, Dec....71
—Encroachment no problem for WMK, May....72
—It's a matter of impact, May....62
—Microchip blast cap is coming, Aug....76
—Moving stone: An overview, Sept....16
—New plant ideas to build upon, July....37
—Rating crushers by formula, Feb. 48
—Roverud serves rural markets, Feb....128
—Skids/pontoons help mine stone, Aug....56
—Tonnage soars at Mt. Hope, Aug....36
—Top crushed stone plants, May....44
—Top of the heap, Dec. 61

D

Dam holds sand and gravel boon, March....36
Dankel, Ray
—A guide to interviewing, Oct....63
—Checking out references, Nov. 67
—Come be on our team, Dec. 67
—Employees, where are you?, Aug....67
—Hiring: How to do it better, May....80
—Hiring: Profile of a candidate, July....77
—To hire or not to hire, June 50
Dietrich, Norman L.
—European rehabilitation projects reflect diversity, Feb. .45
Dredging
—4 new ideas in dredging, March....57
Drilling
—A drill rig for all seasons, June....40

E

Editorial Comment
—A handbook on aggregate, April....13
—An open letter to MSHA, Sept. 13
—Another look at vertical integration, Feb. 15
—Another look at vertical integration—Part II, March....13
—Bits and pieces, Oct....13
—Hits and misses—The year 1989 in review, Jan. 17
—Maybe it's time to sue, Nov....15
—People of the future, July....15
—Scary statistics, Aug....13
—The natives have been busy, too, Dec. 15
—The Soviets report on their cement industry, May....17
—Understanding the media, June 13
Employees, where are you?, Aug. 67
Encroachment no problem for WMK, May....72

F - G

Flume solves clay problems, March....32
Forecast
—Aggregate: Cautiously optimistic in 1991, Dec....39
—Cement: Slippage in '91, recovery in '92, Dec. 41
—Construction: Stepping cautiously, Dec. 37
—Gypsum on target with last year, maybe a little off, Dec....56
—Lightweight aggregate usage flat, at best in '91, Dec. 57
—Lime outlook cautious for 1991, Dec. 56
Gold boom spurs lime producers, Oct. 59
Goffinet, William L., Rock Products Register, Nov. 5
Grancher, Roy A.
—Cement: Whose boom will it be?, April....51
Gypsum
—A guide to consultants, July 58
—Gypsum on target with last year, maybe a little off, Dec....56
—New plant ideas to build upon, July....37

H

Hansen, Eric R.
—New ways to burn hazardous waste, April....41
Hayes, Van L.
—Moving stone: An overview, Sept....16
Hays, Ora Jr., Rock Products Register, Nov. 40
Hazardous Waste
—New ways to burn hazardous waste, April....41
Hints and Helps
—Digital scoreboard increases productivity, Aug. 21
—Forecasting cement terminal costs, Feb....37
—Georgia quarry has different way to handle fines, Nov. 25
—Good hydraulic maintenance keeps equipment running, Oct....21
—New control system cannot correct poor plant design, May....25
—Poor resurfacing of tires/rollers can harm kiln, July 21
—Poorly designed hoppers can reduce feeder capacity, Dec. 27
—Proper way to select industrial belt drives, June 27
—Software monitors tire performance and operation costs, March....29
Hiring: How to do it better, May....80
Hiring: Profile of a candidate, July....77
Holnam
—Skids/pontoons help mine stone, Aug....56
How to fight screen abrasion, May....55
How to install a waste system, April....44
Howe, Thomas
—Basic air filter maintenance, Dec. 29
—How to manage tire program and cut maintenance costs, Oct. 23
—Managing on-site fueling problems, Nov....31
Hutta, Richard S.
—A handbook on aggregate, April....13
—An open letter to MSHA, Sept. 13
—Another look at vertical integration, Feb. 15
—Another look at vertical integration—Part II, March ...13
—Bits and pieces, Oct....13
—Hits and misses—The year 1989 in review, Jan. 17
—International cement review, April 59
—Maybe it's time to sue, Nov....15
—People of the future, July....15
—Scary statistics, Aug....13
—The natives have been busy, too, Dec. 15
—The Soviets report on their cement industry, May....17
—Thoughts on burning waste, Oct. 38
—Understanding the media, June 13
—Waste as fuel: A survey report, May....92

I

Ideas/Trends
—Air powered conveyor can transport crushed stone, March....17
—Are 195- and 240-ton haul trucks too big for the stone industry?, Jan. 21
—Huge dredge constructed for sand mining operation, June 15
—Improved monitoring system for rock noise detection, Oct. 15
—Japanese evaluating fluidized-bed cement kiln in test, Aug. 15
—New mining pump creates vortex similar to tornado, Dec. 21
—Pontoon dredge design uses inventive jet pump system, July 17
—Probe measures downhole detonation time and velocity, April 17
—Surface miner is introduced for the stone industry, Feb....19

—Technology developed to delineate geological deviations, Nov. 17
Industry News
—AMC to help museum rebuild hall, May 28
—Amendment to ban aggregate mining fails, Aug. 23
—Buying rock from a broker?, Oct. 25
—Dravo expected to benefit from acid rain legislation, Jan. 27
—Dravo trades suits with developers, June 21
—EPA warns, remove PCBs or pay the price, April 23
—Environment is topic of emission conference, Nov. 32
—Florida Rock Industries sues Georgia County, Feb. 25
—Grace receives national reclamation award, Aug. 23
—How to keep the "family" in family business, Aug. 23
—Kentucky quarry owners settle for $950,000, March .21
—1990 construction to decline slightly, July 25
—Onoda expansion into China criticized, July 25
—Program set for 26th International Cement Seminar, Sept. 15
—Quarry certified as habitat, Dec. 30
Innovation puts producer on top, Aug. 62
International cement review, April 59
International Cement Seminar, March 41
International Concrete and Aggregates Show, Jan. 37
It's a matter of impact, May 62

K

Kennedy, Ralph
—Moving rock by rail, Sept. 22
Kalsen, Peter B.
—Bulk shipping: What's ahead?, April 47

L

Lakeside Industries
—A wash plant for the '90s, Aug. 48
Lime
—A guide to consultants, July 58
—Gold boom spurs lime producers, Oct. 59
—Lime outlook cautious for 1991, Dec. 56
—Lime producers accept challenge, Feb. 139
Lime producers accept challenge, Feb. 139
Long, John F. Jr., Rock Products Register, Nov. 49
Lucas, Lawrence C., Rock Products Register, Nov. 42

M

Maintenance
—Belt build-up? Scrape it off, June 34
—How to fight screen abrasion, May 55
Machemehl, Charles, Rock Products Register, Nov. 39
Marine Shale Processors
—Waste recycled into aggregate, Feb. 134
Martin, Robbie B.
—Good PR is vital for effective resource recovery, Nov. .27
Mencacci, Monique C.
—Belt buildup? Scrape it off, June 34
—Cement imports forcast to grow, March 41
—How to fight screen abrasion, May 55
—Moving it out by truck, Sept. 38
—Tonnage soars at Mt. Hope, Aug. 36
—Top U.S. sand & gravel plants, June 28
Mexican situation, April 36
Michard, Don
—Retrofit boosts Owl Rock output, Jan. 72
—Roverud serves rural market, Feb. 128
Microchip blast cap is coming, Aug. 76
Mt. Hope Rock Products
—Tonnage soars at Mt. Hope, Aug. 36
Moving it out by truck, Sept. 38
Moving rock by rail, Sept. 22
Moving stone: An overview, Sept. 16
Myers, Charles F., Rock Products Register, Nov. 48

N - P

National Lime Assoc. operational meeting
—Lime producers accept challenge, Feb. 139
New plant ideas to build upon, July 37
New ways to burn hazardous waste, April 41
Newfoundland Resources and Mining Co. Ltd.
—A model plant opens in Canada, Aug. 31
Owl Rock, Lytle Creek plant
—Retrofit boosts Owl Rock output, Jan. 72
Permitting for waste material, Oct. 43
Personnel
—A guide to interviewing, Oct. 63
—Checking out references, Nov. 67
—Come be on our team, Dec. 67
—Employees, where are you?, Aug. 67
—Hiring: How to do it better, May 80
—Hiring: Profile of a candidate, July 77
—To hire or not to hire, June 50
Perspectives
—Good PR is vital for effective resource recovery, Nov. .27
Pervola, John L., Rock Products Register, Nov. 43
Planning for second uses, Jan. 66
Pyroprocessing
—Back to basics, Oct. 30

R

Rating crushers by formula, Feb. 48
Reclamation
—Planning for second uses, Jan. 66
—Reclamation grows overseas, Feb. 40
Reclamation grows overseas, Feb. 40
Reed, David W., Rock Products Register, Nov. 44
Reman process may cut costs, Dec. 80
Retrofit boosts Owl Rock output, Jan. 72
Robertson, Joseph L.
Special report: Haul trucks, Nov. 55
Rock Products Register, 1990
—Allard, James T., Nov. 41
—Blasbaum, Donald L., Nov 47
—Compton, Horace H., Nov. 45
—Goffinet, William L., Nov. 50
—Hays, Ora Jr., Nov. 40
—Long, John F. Jr., Nov. 49
—Lucas, Lawrence C., Nov. 42
—Machemehl, Charles, Nov. 39
—Myers, Charles F. Jr., Nov. 48
—Pervola, John L., Nov. 43
—Reed, David W., Nov. 44
—Timmons, Bobby J., Nov. 46
Roverud
—Roverud serves rural market, Feb. 128
Rukavina, Mitchell
—A drill rig for all seasons, June 40
—A model plant opens in Canada, Aug. 31
—Automation key to stone output, Dec. 71
—Cement + ash = new aggregate, Aug. 53
—Conn/Agg offered peek into future, May 76
—Encroachment no problem for WMK, May 72
—Flume solves clay problem, March 32
—Gold boom spurs lime producers, Oct. 59
—Lime producers accept challenge, Feb. 139
—Microchip blast cap is coming, Aug. 76
—Reman process may cut costs, Dec. 80
—Skids/pontoons help mine stone, Aug. 56
—Special report: Conveyor trends, March 46
—Special report: Conveyors, Sept. 43
—Top crushed stone plants, May 44
—Top of the heap, Dec. 61
—Utelite proving it can compete, Oct. 49
—Waste recycled into aggregate, Feb. 134
—Water shipping gains attention, Sept. 25
Russia
—Soviets roll up cement curtain, May 66

S

Sand and gravel
—A guide to consultants, July 58
—A size for every need, Aug. 40
—A wash plant for the '90s, Aug. 48
—Dam holds sand and gravel boon, March 36
—Flume solves clay problem, March 32
—Innovation puts producer on top, Aug. 62
—Map pinpoints sand resources, May 85
—New plant ideas to build upon, July 37
—Retrofit boosts Owl Rock output, Jan. 72
—Roverud serves rural market, Feb. 128
—Top U.S. sand & gravel plants, June 28
Screens
—How to fight screen abrasion, May 55
Shipping
—Bulk shipping: What's ahead?, April 47
Skids/pontoons help mine stone, Aug. 56
Smals Sand and Gravel Co.
—A size for every need, Aug. 40
Smith, Hubert L.
—How to install a waste system, April 44
Soviets roll up cement curtain, May 66
Special report: Conveyor trends, March 46
Special report: Conveyors, Sept. 43
Special report: Haul trucks, Nov. 55
Statistics
—Aggregate shipments up 10.1% in first quarter of 1990, Aug. 17
—Aggregate shipments up 3.6% in second quarter of 1990, Nov. 19
—California dominates 1989 ready-mix production, Dec. 25
—California leads ready-mixed concrete production, Jan. 21
—Canadian mineral production increased 6% in 1989, July 19
—Employment in Canadian aggregate mining sector slips, June 17
—European, Asian cement exports to U.S. will drop, March 19
—Fourth-quarter aggregate statistics released, May 21
—Steel industry still leads in lime consumption, Jan. 21
—Texas, California, Pennsylvania set pace in cement, Oct. 16
—Third quarter aggregate production rises, Jan. 25
—United States ranks 1 & 2 in gypsum/lime production, April 21
Superior Products, see Wade Sand and Gravel
Suttill, Keith R.
—A drill rig for all seasons, June 40
—A size for every need, Aug. 40
—4 new ideas in dredging, March 57
Sveen, Arne Gabriel
—Understanding ship transport, Dec. 83

T

The way of the future, Oct. 55
Timmons Bobby J., Rock Products Register, Nov. 46
To hire or not to hire, June 50
Tonnage soars at Mt. Hope, Aug. 36
Top crushed stone plants, May 44
Top of the heap, Dec. 61
Top U.S. sand & gravel plants, June 28
Transportation
—Moving it out by truck, Sept. 38
—Moving rock by rail, Sept. 22
—Moving stone: An overview, Sept. 16
—Water shipping gains attention, Sept. 25
—Understanding ship transport, Dec. 83
Thoughts on burning waste, Oct. 38
Truck report
—Basic air filter maintenance, Dec. 29
—How to manage tire program and cut maintenance costs, Oct. 23
—Managing on-site fueling problems, Nov. 31

U

Ullman, Fred D.
—The Mexican situation, April 36
Understanding ship transport, Dec. 83
Utelite Corp.
—Utelite proving it can compete, Oct. 49
Utelite proving it can compete, Oct. 49

W

WMK Transit Mix
—Encroachment no problem for WMK, May 72
Wade Sand and Gravel
—Flume solves clay problem, March 32
Wagner, Willard J.
—Rating crushers by formula, Feb. 48
Waste as fuel: A survey report, May 92
Waste material-aggregate
—Waste recycled into aggregate, Feb. 134
Waste recycled into aggregate, Feb. 134
Waste systems, installation of, April 44
Water shipping gains attention, Sept. 25
West Coast Aggregates
—It's a matter of impact, May 62
Wilson, Joe
—Back to basics, Oct. 30

Z

Zimmerman, Karla
—A guide to consultants, July 58
—The way of the future, Oct. 55
